Overall Diameter:

1.300 inches

Body Thickness:

2.250 inches

Individual Section Quantity:

4

End Application:

30dw tqg generator family; 6115-01-461-9335, p/n mep-805b, generator set, diesel engine

Mounting Method:

Terminal single mounting facility

Terminal Type:

Screw

Product Name:

Switch, rotary, 4 position, master

Special Features:

Contact ratings ul, 300vdc 12a; dc switching capacity, 24vdc 12

Style Designator:

Switch section, rotary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
