Unthreaded Mounting Hole Diameter:

0.885 inches

Switch Actuator Quantity:

1

Maximum Voltage Rating In Volts:

24.0 dc and 250.0 ac

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

5.000 amperes resistive ac and 2.000 amperes resistive dc

Special Features:

Snap action; solder terminals; case-black; front panel replaceable lens and lamp

Precious Material And Location:

Contact gold and contact silver

Unable To Decode:

Unable to decode and unable to decode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
