Body Style:

Panel mount

Body Diameter:

0.685 inches

Body Length:

1.300 inches

Switch Actuator Quantity:

1

Actuator Color:

Black single actuator

Illuminated Actuator Color:

Black single actuator and green single actuator

Actuator Inscription:

Hud cage single actuator

Illuminated Actuator Color Sequence:

Illuminated color is black background with green letters

Maximum Voltage Rating In Volts:

28.0 dc

Inclosure Type:

Fully enclosed

Mounting Method:

Panel

Contact Load Current Rating At Maximum Rated Voltage:

7.000 amperes resistive dc

Special Features:

Mounting style is double sleeve with connector module; hidden legend; sunlight readable; black background with green lighted characters

Precious Material And Location:

Switch contact silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
