Overall Length:

16.670 inches

Overall Height:

9.960 inches

Overall Width:

7.960 inches

Individual Section Quantity:

3

End Application:

Electrical switching system

Switch Contact Basic Design:

Pile-up

Mounting Method:

Press fit single mounting facility and bracket single mounting facility

Switch Actuator Indexing Position Quantity:

5 single actuator

Terminal Type:

Connector, receptacle

Product Name:

M5dls switch

Precious Material And Location:

Rivet, blade silver and contact finish gold

Precious Material:

Silver and gold

Style Designator:

Tap, square frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
