Overall Length:

1.811 inches

Outside Diameter:

0.354 inches single connection

End Application:

Forklift

Width Across Flats:

24.0 millimeters

Operating Temperature Rating:

Between -22.0 degrees fahrenheit and 248.0 degrees fahrenheit

Mounting Method:

Plug-in

Proof Pressure:

8700.00 pounds per square inch

Thread Size:

0.125 inches single pressure connection

Terminal Type:

Connector, plug

Contact Voltage Rating In Volts:

100.0 ac at sea level single voltage

Pressure Connector Type:

Plain, threaded external single connection

Special Features:

Zinc plated steel body; brass terminals; push on terminals, normally closed contacts

Media For Which Designed:

Gas or liquid

Style Designator:

Cylindrical

Thread Series Designator:

Npt single pressure connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
