Body Style:

Bushing mounted

Actuator Style:

Round

Maximum Voltage Rating In Volts:

115.0 ac or 28.0 dc

End Application:

Submarine class

Inclosure Type:

Hermetically sealed

Mounting Method:

Threaded bushing

Actuator Movement:

0.400 pretravel inches

Contact Load Current Rating At Maximum Rated Voltage:

7.000 amperes resistive ac and 7.000 amperes resistive dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
