End Application:

Center main c

Pole Quantity:

3 single section front

Contact Voltage Rating In Volts:

600.0 highest ac voltage rating at sea level

Contact Load Current Rating:

16.0 amperes resistive load lowest ac voltage rating at sea level

Product Name:

Non-fusible, compact disconnect switch; submitted name: switch, access point

Special Features:

Base and din rail mounted switches; terminal lugs - copper wire size no. 18-no. 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
