Body Style:

Bushing mounted

Body Diameter:

0.670 inches

Bushing Length:

0.460 inches

Body Length:

1.270 inches

Maximum Voltage Rating In Volts:

250.0 ac

End Application:

14ch cvn sysw

Contact Load Current Rating At Maximum Rated Voltage:

0.250 amperes resistive ac

Special Features:

Light-duty momentary contact; slow-make, slow-break; one hexagon nut and one nickel-plated facenut for mounting; 15/32" bushings; spst momentary normally open

Terminal Type And Quantity:

1 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
