Body Style:

Bushing/hole mounted

Center To Center Distance Between Mounting Facilities Parallel To Length:

1.000 inches

Body Length:

1.937 inches

Unthreaded Mounting Hole Diameter:

0.140 inches

Actuator Style:

Round

Maximum Voltage Rating In Volts:

480.0 ac

End Application:

Electrical convection oven

Inclosure Type:

Fully enclosed

Mounting Method:

Threaded bushing and unthreaded hole

Contact Load Current Rating At Maximum Rated Voltage:

21.000 amperes resistive ac

Special Features:

Manufacture name: switch, micro

Terminal Type And Quantity:

2 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
