End Application:

Panel assembly, z-con, part number 4405a8100-1

Special Features:

Q4mm sensing range, not shielded; supply voltage 5-24vdc; switching frequency 1.5hz; ambient temperature -14 degrees f to +212 degrees f; electrical connection quick disconnect; colloquial item name-inductive proximity sensor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
