Overall Length:

2.000 inches

Overall Height:

1.100 inches

Overall Width:

0.600 inches

Switch Actuator Quantity:

1

Maximum Voltage Rating In Volts:

250.0 ac

End Application:

Panel, air control assembly

Contact Load Current Rating At Maximum Rated Voltage:

10.000 amperes resistive ac

Special Features:

Series e10; spst; up position off, center position none, down position on; lever 0.563 inches long; screw terminals; down position has momentary contacts, spring return action

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
