**End Application:**

Food warmer model no. Ffw1/2/3 or 4

**Mounting Method:**

Bracket

**Contact Load Current Rating:**

10.0 amperes resistive load first voltage

**Contact Voltage Rating In Volts:**

120.0 ac at sea level first voltage

**Special Features:**

Manufacture name: thermostat, capillary tube type; used on a food warmer

**Frequency In Hertz:**

60.0 first voltage

**Style Designator:**

Rectangular w/bracket

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A048b0
