Thermostatic Switch - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5930-01-519-7722

End Application:
Food warmer model no. Ffw1/2/3 or 4
Mounting Method:
Bracket
Contact Load Current Rating:
10.0 amperes resistive load first voltage
Contact Voltage Rating In Volts:
120.0 ac at sea level first voltage
Special Features:
Manufacture name: thermostat, capillary tube type; used on a food warmer
Frequency In Hertz:
60.0 first voltage
Style Designator:
Rectangular w/bracket
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
