Body Style:

Front pedal

Body Length:

5.250 inches

Body Width:

3.250 inches

Body Height:

1.750 inches

Maximum Voltage Rating In Volts:

250.0 ac

End Application:

Royal australian navy (ran) sh-2 (a) flight simulator

Mounting Method:

Base

Contact Load Current Rating At Maximum Rated Voltage:

15.000 amperes resistive ac

Special Features:

Aluminum housing

Terminal Type And Quantity:

1 cable w/connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
