Overall Length:

2.250 inches

Overall Height:

0.500 inches

Overall Width:

1.000 inches

Body Length:

1.250 inches

Body Height:

0.340 inches

End Application:

Controller, whip hoist f047333

Temperature Sensing Element Type:

Disc

Mounting Method:

Bracket

Terminal Type:

Wire lead

Special Features:

Mounted on a 1/32in thick g-10 circuit board with the thermostat's metal cap exposed to sense air temp. Pre-set thermostat

Style Designator:

Rectangular w/bracket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
