Overall Diameter:

1.750 inches

End Application:

Panel, engine control

Mounting Method:

Threaded bushing single mounting facility

Product Name:

Selector switch

Special Features:

30.5mm type 4/4x13 3 position selector switch non-illum., white, std. Knob maintain finger safe guards

Style Designator:

Circular, cam actuated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
