Overall Length:

2.000 inches

Overall Height:

1.080 inches

Body Diameter:

0.930 inches

Mounting Slot Width:

0.170 inches

Body Height:

0.390 inches

End Application:

Hd-1099/tsq, air conditioner

Temperature Sensing Element Type:

Disc

Mounting Method:

Bracket and slot

Contact Action Stimulus:

Increase

Nonpile-up Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Terminal Type:

Tab, solder lug

Contact Load Current Rating:

25.0 amperes resistive load single voltage

Contact Adjustability:

Actuation point not adjustable, manual reset

Contact Voltage Rating In Volts:

120.0 ac at sea level single voltage

Product Name:

Inavy: switch, heater reset; mfr: 60t series temperature control, 1/4 x 3/8 inch electrical spacings, flanged airstream mount (0.38 in. Depth), normally closed contacts; contacts open on temperature rise

Style Designator:

Disc w/flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
