Overall Length:

3.120 inches

Overall Height:

1.780 inches

Overall Width:

2.120 inches

End Application:

Aps power electric cubicle

Product Name:

(inavy) wall mount thermosouple sensor

Special Features:

Wall mount thermocouple sensor, enclosure made of acrylonitrile butadiene styrene, power: 8 to 36 vdc@40 ma; having 25 foot lead wire.

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
