Hazardous Locations/environmental Protection:

Driptight and watertight and splashproof

Switch Actuator Quantity:

1

Maximum Voltage Rating In Volts:

28.0 ac

End Application:

Collins weapons data converte (cwdc)

Precious Material And Location:

Contacts gold

Terminal Type And Quantity:

8 solder stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
