g
Hazardous Locations/environmental Protection:
Driptight and watertight and splashproof
Switch Actuator Quantity:
1
Maximum Voltage Rating In Volts:
28.0 ac
End Application:
Collins weapons data converte (cwdc)
Precious Material And Location:
Contacts gold
Terminal Type And Quantity:
8 solder stud
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A053a0
