Pressure Switch Type:
Differential
Operating Tempurature Rating:
Between -49.0 degrees fahrenheit and 122.0 degrees fahrenheit
Proof Pressure:
25.000 pounds per square inch gage
Product Name:
Switch, differential pressure
Special Features:
Actuation ponits: high over low differential; pressure electrical rating: 1.0 ampere resistive at 28 vdc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
