Overall Length:

5.062 inches

Overall Height:

1.750 inches

Overall Width:

1.750 inches

Body Length:

4.938 inches

End Application:

Panel electrical general

Pressure Switch Type:

Absolute

Mounting Method:

Bracket

Contact Action Stimulus:

Increase

Nonpile-up Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Terminal Type:

Wire lead

Contact Load Current Rating:

1.0 amperes resistive load single voltage

Contact Adjustability:

Actuation point not adjustable

Contact Stimulus Rating:

165.00 actuation point degrees fahrenheit

Contact Voltage Rating In Volts:

125.0 ac at sea level single voltage

Media For Which Designed:

Gas, liquefied

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
