End Application:

Controller, high voltage

Product Name:

Heater, thermal; heater coil overload relay

Special Features:

Protect is 40 degrees c motor; service factor 1.15; motor amperes min 1.76 maximum 1.88; controller size 1 to 4; based on relay inside a controller and all in a 50 degrees c ambient

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
