Frequency Per Channel:

300.0 megahertz output channel

Phase:

Single

Special Features:

Power consumption maximum 260 watts per enclosure, typical 105 watts per enclosure. Rs-232/422 control port, virtual matrix levels, rack mounting ears, 7 inches x 18.8 inches x 17" with ears. Ru 4. Rgbtv video hd-15, input 1.5v max, input impedance 75 ohms, signal to o noise ration 60db. Connectors hd-15. Sync in/output level-ttl

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
