End Application:

Communication systems

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Circuit Construction Type:

Solid state

Product Name:

Switch assembly

Special Features:

Industrial ethernet rail switch; m2 multimode fx, dsc, 100mbit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
