Thread Direction:
Right-hand single threaded stud
Pressure Switch Type:
Differential
Proof Pressure:
30.000 pounds per square inch
Product Name:
336 pressure controls, general industry
Special Features:
Copper alloy bellows with 1/4" npt female pipe connection; having adjustable operating range in hg vacuum andadjustable differential range
n psi
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Filg:
A048b0
