Overall Length:

5.130 inches

Overall Height:

3.250 inches

Overall Width:

2.810 inches

Individual Section Quantity:

2

End Application:

Test stand

Switch Contact Basic Design:

Nonpile-up symmetrical

Mounting Method:

Base single mounting facility

Contact Voltage Rating In Volts:

600.0 ac at sea level

Switch Actuator Indexing Position Quantity:

3 single actuator

Terminal Type:

Tab w/screw

Contact Load Current Rating:

25.0 amperes resistive load ac at sea level

Style Designator:

Tap, square frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
