Overall Length:

50.300 inches

Body Length:

2.300 inches

Switch Actuator Quantity:

1

End Application:

2320-01-380-8233 truck, utility, hmwv

Mounting Surface To Terminal End Distance:

49.800 inches

Mounting Method:

Retaining plate

Center To Center Distance Between Mounting Support And Nearest Terminal:

37.800 inches

Product Name:

Switch, push button, electric power manager

Special Features:

Applicable standards: mil-std-100f, asme y14.5m-1904; cable iaw: m13486/1-5, iaw: mil-dtl-13486-1; nameplate material: aluminum; finish: anodized, .0004-.0006thick, black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
