Inside Diameter:

0.067 inches all connections

Outside Diameter:

0.250 inches all connections

Pressure Switch Type:

Differential

Mounting Method:

Unthreaded hole

Product Name:

Mpl 502 pressure switch, perpendicular port, adjustable mounting

Special Features:

Adjustable mounting; straight tube ports; vacuum and pressure ports; 0.5 to 3.0 in/h2o tolerance; differential 2 port option

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
