Operating Temperature Range:

-40.0/+85.0 degrees celsius

Identification Designator:

Mic2026/2076-60496

Product Name:

Dual-channel power distribution switch

Special Features:

Pb-free

Special Test Features:

Supply voltage = +2.7v to +5.5v

Supplementary Features:

Thermally isolated channels

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
