Overall Length:

4.375 inches

Overall Width:

1.188 inches

Unthreaded Mounting Hole Diameter:

0.150 inches single mounting facility

End Application:

Master regulating clock

Mounting Method:

Unthreaded hole single mounting facility

Actuator Type:

Thumbwheel all actuators

Terminal Type:

Tab, solder lug

Style Designator:

Rectangular inline indicating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
