End Application:

Special aircraft and engine tool and support equip/parts

Pressure Switch Type:

Differential

Mounting Method:

Bolt

Product Name:

Switch, hipres cut

Special Features:

Switch action; open on rise; range pressure; 100-425 psig; differential press; 75 psig; maximum bellows press; 450; nha; 1559as428

Style Designator:

Rectangular w/bracket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
