End Application:

2320-01-540-2038

Product Name:

Switch, rotary, 24v dc waterproof

Special Features:

Operating temperature: -65 to +180 degrees f; voltage drops between terminals shall not exceed 75 millivolts; current rating shall be measured under resistive and inductive loads

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
