Overall Length:

4.062 inches

Overall Height:

2.062 inches

Overall Width:

3.562 inches

Body Length:

3.250 inches

Pressure Switch Type:

Differential

Contact Action Stimulus:

Increase

Proof Pressure:

475.0 pounds per square inch gage

Nonpile-up Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Product Name:

P170 series high pressure control

Media For Which Designed:

Gas, liquefied

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
