Overall Length:
4.062 inches
Overall Height:
2.062 inches
Overall Width:
3.562 inches
Body Length:
3.250 inches
Pressure Switch Type:
Differential
Contact Action Stimulus:
Increase
Proof Pressure:
475.0 pounds per square inch gage
Nonpile-up Contact Arrangement:
1 pole, single throw, normally closed, momentary action
Product Name:
P170 series high pressure control
Media For Which Designed:
Gas, liquefied
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
