**Proof Pressure:**

150.0 pounds per square inch

**Product Name:**

Solid state condition sensing switch

**Special Features:**

Item has a digital display, anal and switching output, pressure range, 1/4 npt (female) process connection and a m12 michro electrical connection; supply voltage is dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A048b0
