Proof Pressure:

150.0 pounds per square inch

Product Name:

Solid state condition sensing switch

Special Features:

Item has a digital display, anal and switching output, pressure range, 1/4 npt (female) process connection and a m12 michro electrical connection; supply voltage is dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
