Proof Pressure:

150.00 pounds per square inch

Product Name:

Solid-state condition sensing switch

Special Features:

Description: dc supply voltage, digital display, dual switching, pnp output, 0-150 psi (0-10 bar) pressure range, 1/4 npt (female) process connection, m12 micro electrical connection

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
