**Proof Pressure:**

60.00 pounds per square inch

**Product Name:**

Solid-state condition sensing switch

**Special Features:**

Description: dc supply voltage, digital display, dual switching, pnp output, 0-60 psi (0-4 bar) pressure range, 1/4 npt (female) process connection, m12 micro electrical connection

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A048b0
