Proof Pressure:
60.00 pounds per square inch
Product Name:
Solid-state condition sensing switch
Special Features:
Description: dc supply voltage, digital display, dual switching, pnp output, 0-60 psi (0-4 bar) pressure range, 1/4 npt (female) process
connection, m12 micro electrical connection
Style Designator:
Cylindrical
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
