Operating Temperature Rating:

167.0 degrees fahrenheit

Mounting Method:

Bracket

Terminal Type:

Pin

Product Name:

Gp32 series: sensitive pressure switch

Special Features:

Easy to read set point scale; small and compact; versatile mounting options; maximum over pressure psig (kpa) -1 (6.9); contact action-spdt; ambient tempt max. - -167f (75c); high pressure connector-metal 1/8 inch female npt inside, 1/2 npsm outside for mounting; low pressure connector-molded 1/8 inch female

Media For Which Designed:

Gas

Style Designator:

Rectangular w/bracket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
