Body Style:

Bushing mounted

Body Diameter:

0.720 inches

Bushing Length:

1.295 inches

Body Length:

1.00 inches

Actuator Style:

Roller plunger

Actuator Free Position Height:

1.295 inches

Maximum Voltage Rating In Volts:

28.0 dc

Inclosure Type:

Fully enclosed

Mounting Method:

Threaded hole

Switch Release Force:

24.0 ounces

Switch Actuating Force:

72.0 ounces

Product Name:

Switch, limit, sealed, low force

Actuator Movement:

0.020 differential inches

Contact Load Current Rating At Maximum Rated Voltage:

7.0 amperes resistive dc

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
