Overall Height:

0.53 inches

Body Diameter:

0.64 inches

Temperature Sensing Element Type:

Thermocouple

Contact Load Current Rating:

1.0 amperes inductive load single voltage

Special Features:

Dielectric withstanding 1500 vac rms hermetically sealed, single pole

Style Designator:

Disc w/flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
