Overall Length:

4.94 inches

Overall Height:

1.53 inches

Overall Width:

1.25 inches

Body Length:

2.00 inches

Terminal Type:

Solder stud

Special Features:

Single pole, double throw, no other contacts available; component ratings 5 amps at 250 volt ac; life expectancy is 500,000 operations; 8 air velocity ratings; interchangeable actuating vanes; mounts on round and flat ducts with single screw; ambient temperature range of -40 degrees c to +85 degrees c

Precious Material And Location:

Plated brass solder terminals and contacts of silver alloy silver

Precious Material:

Silver

Style Designator:

Rectangular

Supplementary Features:

Switch frame and cover made of aluminum; actuating arm and lightweight vane made of stainless steel; snap action switch mechanism housed in a phenolic enclosure; spring material in the switch is stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
