End Application:

Nsn: 6640-01-547-1760, petroleum quality analysis system

Mounting Method:

Terminal, wire-lead

Terminal Type:

Wire lead

Product Name:

Temperature sensor switch

Special Features:

Material: brass/copper; dimensions: l 55mm, across flats 14mm, 1/8" npt; specification: 130 degrees sensor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
