Actuator Style:

Round

Maximum Voltage Rating In Volts:

600.0 ac

End Application:

Exhaust system diesel 259-6736

Inclosure Type:

Fully enclosed

Product Name:

Limit switch 600v 10amp c +options

Actuator Movement:

0.08 pretravel inches

Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes resistive ac

Special Features:

Standard plug-in unit switch; top push-rod actuator (vertical); spring return; connection type: 0.5 in. Npt conduit entrance (screw clamp terminals); snap contact action; nema a600/4300 rating; 2 no/2 nc, form zz - dpdt-db; type c; heavy duty; operating temp: 0 - 185 degrees f

Precious Material And Location:

Contacts silver

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
