Body Length:

2.580 inches

Operating Temperature Rating:

125.00 degrees celsius

Terminal Type:

Wire lead

Product Name:

Solid state magnetic proximity sensor

Special Features:

Operating voltage 3.8-24vdc; max supply current 7.5ma; maximum output current 25ma; red anodized aluminum housing;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
