Product Name:

Controls for dual pressure applications

Special Features:

Switch action two independent spdt low pressure side psig (kpa); range 12 in.Hg to 80 (-41 to 552); differential min 5 (34) maximum 35 (241); high pressure side psig (kpa) range 100 to 500 (690 to 3447); differential (non-adjustable) fixed approx.65 (448); lockout requires manual reset; fixed at 65 (448) or lockout requires manual reset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
