**End Application:**

Economical auto-dip switches

**Special Features:**

Switch contact resistance switch series 210 initial 100 milliohms end of life, max 500 milliohms, materials series 210-gold flash plated beryllium copper contacts, operating temperature -40' c to +85 c switch capacitance 5 pf between adjacent closed switches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A562z0
