End Application:

Test

Product Name:

Differential pressure switch

Special Features:

Material polycarbonate case teflon diaphragm, mechanical life: 20 million cycles, proof pressure 8 psi, current rating 40ma max, resistive dc, contact resistance one ohm or less, actuation pressure: 170 po (0.68' h20 nom. + - 0.2" h20). On increasing pressure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
